OLTRE

Oltre (Beyond) is a collection designed to overcome physical, architectural and spiritual borders by giving ceramics their own personality with grids and spaces that lead to new worlds which rise above the limits between inside and outside.

Oltre è una collezione pensata per superare sia confini fisici e architettonici che confini spirituali, conferendo alla ceramica una propria personalità: griglie e spazi che conducono a nuovi mondi per oltre passare il limite tra fuori e dentro.

Oltre (au-delà) est une collection conçue pour aller au-delà tant des frontières physiques et architecturales que des frontières spirituelles, donnant à la céramique sa propre personnalité: des grilles et des espaces qui mènent à de nouveaux mondes pour franchir la frontière entre l'extérieur et l'intérieur.

Oltre is based on a profound and reflective concept expressed in a collection of porcelain stoneware designed to create floors, partitions and walls with a sophisticated and intellectual charm. It is an invitation to go Oltre (beyond) imagination thanks to “total look” environments that favour a sense of continuity between floor and wall. The result is an infinite pattern of colour contrasts.

Oltre nasce da un concetto, profondo e riflessivo, interpretato in una collezione di superfici in grés porcellanato destinata a creare pavimenti, quinte e pareti dal fascino sofisticato e intellettuale. Un invito ad andare Oltre l'immaginazione pensando ad ambienti “total look” in cui si privilegia la continuità tra pavimento e rivestimento. Il risultato è un pattern infinito composto da contrasti cromatici.

The collection's colour palette offers sophisticated, powdery tones ranging from neutral white and black to the warm nuances of terracotta and reassuring and reflective shades of green and blue.

La palette dei colori si muove su toni sofisticati e polverosi che vanno dai neutri bianco e nero alle nuance calde del cotto fino ai toni rassicuranti e riflessivi del verde e del blu.
