mosaics & trim pieces:

Colors shown may vary from actual product. Final selection should be made from actual product samples.

APPEARANCE Differences among pieces from the same production run are minimal.

VARIATION Clearly distinguishable differences in texture and/or pattern with similar colors.

MODERATE VARIATION

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.
