Available in 6"x36" and 24"x24" along with coordinating 3"x36" bullnose and two variations of mosaics, this tile provides you with the opportunity to express your own ingenuity.

Aegina is a color-body, rectified, porcelain tile inspired by the weighted memories clung to earth by way of home. Aegina is a representation of that memory, a clean and happy place, full of creativity and warmth.

V1

UNIFORM APPEARANCE
Differences among pieces from the same production run are minimal.

V2

SLIGHT VARIATION
Clearly distinguishable differences in texture and/or pattern with similar colors.

V3

MODERATE VARIATION
While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

IVORY & SMOKE

V4

SUBSTANTIAL VARIATION
Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.
